

MODIFICATIONS TO EUT

Applicant: eXS Inc.

FCC ID: TTFN01A1206

Equipment: 802.11a/b/g Access Point

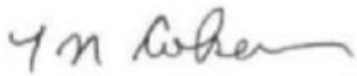

In order to meet radiated emissions levels 30-1000 MHz, the antenna coax for each radio was wrapped 1.5 turns around a ferrite torroid .

Torroid Manufacturer: Intermark-USA In.c

Part Number: TR-14.5-10-8

This torroid is similar to the one used on the original Gemtek product.

eXS Inc. is aware of the part change and will incorporate the torroids in production.
